

# ***Fit and Pattern***

Leverage our expertise

# Return on investment

## Added value

- Systematic quality assurance throughout the entire production chain
- Increased customer satisfaction, reduction in return rates, increased brand loyalty and decreased expenses
- We set high standards: Hohenstein quality label for compelling customer communication

## Our expertise

- Neutral fit testing conducted by our garment engineers, on subjects within your target group, including larger sizes
- Design, pattern development and optimisation: Improvement in fit with pattern editing
- Support in the development of the size conformity and consistency of your brand

*The right label for every achievement.  
Clearly communicate your product's excellence.*

# From product idea to delivery:

Step by step to the perfect fitting collection

Overview of Hohenstein  
fit & pattern services

## 1 DATA BASIS
